#### Clinics

Our [clinics](#) are also underway. They are generally \$15-\$25 per hour depending on who is teaching the lesson. We just added more lessons for 5-6 years old with one of our new hires, Nathan Benchimol, who specializes with this younger group. We also have Michael Sidawi who will be offering a round robin from 9-11am for adults, strong beginners and intermediates, at the Club. His lessons in the evening are usually \$25 for the hour but this two hour lesson will only be \$30. As always if you are not a TSPA VIP there will be a \$2 per hour added fee unless you are a [TSPA VIP](#). This is the time to become one as the season just begun. Take a look at all our lessons for children as young as 5 to adults who are advanced in their tennis skills ([see the skill levels that exist](#)). Yes, we also added more advanced lessons and a new round robin for advanced players on Wednesday night from 7-9pm as well. Please note for these round robins, we will need a minimum of four players; otherwise, the session will be canceled and you will get an email by 9pm the night before (for lessons that start at 9am). Take a look at all our classes until June 25th, after which we will add more 1-2 weeks prior to this date.
